Summary:

Insatiable learner with a people-first attitude who has expertise in organizing information and assessing user needs. Enthusiastic about utilizing skills to make dynamic and beautiful websites.

Technical Skills

Languages: JavaScript, HTML5, CSS3.
Frameworks/Libraries: jQuery, Knockout.js (MVVM), Bootstrap, Jasmine.
Other: Git/GitHub, GULP, GIMP, Photoshop, Illustrator.

Project Experience

Neighborhood Map - *candicepascual.com/neighborhood/index.html*   *March 2016*

- Single-page, responsive application built with Knockout.js framework and hosted on GitHub Pages.
- Features a full-page map that loads with markers indicating 10 popular locations in Tampa, FL.
- User can click on the markers to read and article about each location (retrieved by AJAX request to Wikipedia API).

ACSSA - *www.michesproperty.com/*   *January 2016*

- Single-page, responsive application built with JavaScript and uses the Bootstrap framework.
- Designed to promote an investment property in the Dominican Republic by showcasing property features with a gallery of photos, providing users with an interactive map feature to view location and information on tourism growth in the D.R.
- Edited and optimized photos using Adobe Photoshop.

Website Optimization - *candicepascual.com/optimization/views/pizza.html*   *December 2015*

- Optimized critical rendering path of existing website to achieve PageSpeed Insights score above 90.
- Eliminated inefficiencies in the website's scroll animation. Site now scrolls at 60 frames per second.

Arcade Game Clone - *candicepascual.com/arcade/index.html*   *November 2015*

- Clone of the classic game, Frogger. Udacity provided the art assets and game engine.
- Coded player, enemies, and other game entities in JavaScript's object-oriented pseudo-classical style.

Work Experience

Everest University – *Librarian*   Largo, FL | *May 2007-Present*

- Create and maintain library webpages using Libguides CMS with JavaScript and HTML customizations.
- Provide reference assistance in person, online, and over the phone for undergraduates, graduate students, faculty, and staff.
- Plan and teach information literacy workshops tailored to the needs of undergraduate, returning adult, and graduate students in various academic disciplines.

University of South Florida - *Senior Library Technical Assistant*   St. Petersburg, FL | *March 2004-May 2007*

- Provided reference and information services in-person, over the phone and via email.
- Helped develop and organized procedure and policy materials.
- Supported library users with research and computer use.
